

Eczema or Salt Rheum.

Baby had with Eczema. Hair gone. Scalp covered with a crust. Physician said, "Cured by the Cuticura Remedies." Hair restored. Not a pimple on him now.

I cannot say enough in praise of the CUTICURA REMEDIES. My boy, when one year of age, was so bad with eczema that he lost all of his hair. His scalp was covered with eruptions, which the doctor said was scald head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the CUTICURA REMEDIES, and I am happy to say, with the most perfect success. His hair is now splendid and there is not a pimple on him. I recommend the CUTICURA REMEDIES to mothers as the most speedy, economical and sure cure for skin diseases of infants and children, and feel that every mother who has an afflicted child will thank me for so doing.

Mrs. M. E. WOODSUM, Norway, Me.

Two Little Boys Cured.

I am truly thankful there is such a medicine as the CUTICURA REMEDIES. I have two little boys who have been afflicted with eczema and scald head, which finally settled in their eyes. I tried several good doctors and plenty of medicine, without relief. I procured a bottle of your CUTICURA RESOLVENT and a box of CUTICURA SOAP, and commenced using them, and am happy to say that before the first bottle was used their eyes were nearly well, and when the second bottle was half used they were entirely cured.

Mrs. SUSAN M. DOBSON, Milford, Mo.

Eczema 61 Years Cured.

I am a farmer, sixty-one years of age, and have suffered from babyhood with what I heard commonly called "honeycomb eczema" on my head. A few months ago I purchased from my druggist, Messrs. Sanders & Lessee, your CUTICURA REMEDIES, and used them according to directions. A cure was speedily and thoroughly effected, and I make this statement, as others likewise affected may be benefited.

JOSEPH JACKSON, Georgetown, Tex. Reference: Messrs. SANDERS & LESSEE, Druggists.

Cuticura Remedies

CUTICURA, the great skin cure, instantly allays the most agonizing itching, burning and inflammation, clears the skin and scalp of crusts and scales, and restores the hair. CUTICURA SOAP, the greatest of skin beautifiers, is indispensable in treating skin diseases and baby humors. It produces the whitest, clearest skin and softest hands, free from pimple, spot, or blemish. CUTICURA RESOLVENT, the new blood purifier, cleanses the blood of impurities and poisonous elements, and thus removes the cause. Hence the CUTICURA

PIMPLES, blackheads, chapped, rough, red and oily skin prevented by CUTICURA SOAP.

L. B. YERXA, Agent, Salt Lake City
"I have used Ayer's Pills for the past 30 years, and am satisfied I should not be alive to-day if it had not been for them. They cured me of dyspepsia when all other remedies failed."—T. P. Bonner, Chester, Pa. Ayer's Pills are sold by all druggists.

Eczema in its worst stages. A raw sore from head to foot. Hair gone. Doctors and hospital failed. Everything cured by the Cuticura Remedies for \$6.

I am cured of a loathsome disease, eczema, in its worst stage. I tried doctors and been through the hospital, but all to no purpose. The disease covered my whole body from the top of my head to the soles of my feet. My hair all came out, leaving me a complete raw sore. After trying everything, I heard of the CUTICURA REMEDIES, and after using three bottles of CUTICURA RESOLVENT, with CUTICURA and CUTICURA SOAP, I find myself cured at a cost of about \$6. I would not be without the CUTICURA REMEDIES in my house, as I find them useful in many cases, and I think they are the only safe and good medicine.

ISAAC H. GERMAN, Wartsboro, N. Y.

Eczema 2 Years Cured.

Two years ago I was attacked with eczema. I cannot tell you what I suffered. I dare not show it. I had always shaved before I was the most forlorn spectacle you ever saw. Charles Kennedy, of this place, showed me your pamphlet on skin diseases, and among them I found the description suitable to my case. I bought the CUTICURA REMEDIES and took them according to directions, and soon found myself improving. I took seven bottles, with the CUTICURA and S. A. P., and the result is a permanent cure. I thought I would wait and see if it would come back, but it has proved all you said it would do. I feel like thanking you, but words cannot do it; so I will say, God bless you and yours.

THOS. L. GRAY, Leavertown, Morgan Co., Ohio.

Salt Rheum 4 Years Cured.

I have suffered greatly with eczema or salt rheum for four years, with sores all over my body. I procured three bottles CUTICURA RESOLVENT, one box of CUTICURA and a cake of CUTICURA SOAP, and they have healed my sores entirely. I think it the best medicine I have ever used, and I feel very thankful to you for the good it has done me.

MRS. ALEX. MCGOWAN, Kirkland, Carleton Co., N. B.

REMEDIES cure every species of agonizing, humbling, itching, burning, scaly and pimply diseases of the skin, scalp and blood, with loss of hair, and all humors, blotches, eruptions, sores, scales and crusts, whether simple, scrofulous, or contagious, when the best physicians and all other remedies fail. Sold everywhere. Price, CUTICURA RESOLVENT, 50c; CUTICURA SOAP, 25c; CUTICURA, 50c. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

BABY'S Skin and Scalp preserved and beautified by CUTICURA SOAP. Absolutely pure.

IT IS A ROSEY PICTURE.

But it is None the Less a True One.

UTAH'S CLAIMS SET FORTH.

A Chicago "Tribune" Letter from Secretary Hollister, of the Chamber of Commerce.

"A ROSEY PICTURE OF UTAH."

Under the above caption the Chicago Tribune, with a circulation of 75,000, prints the following letter from the pen of the secretary of the Chamber of Commerce. It will do much good in advertising the Territory:

SALT LAKE CITY, Utah, February 8.—[Editor of the Tribune]—To those who intend to go west in the Spring I wish to present the claims of Utah. During the last two years the prospect that all the people of Utah will soon find themselves co-operating together on the common platform of American citizenship for the advancement of Utah upon all the lines of progress has grown steadily brighter. We believe that with a few more years of Congressional supervision on the occasion for it will have passed forever, as respects Utah. Hence we are free to invite new men to come here. Both sides to the tiresome interstate contest need them.

Counting Central and Southern Nevada as part of our legitimate mining field, our mineral resources are not exceeded in magnitude and variety by those of any Territory or State of the Union. In arable land Utah contains the largest and most fertile oasis between North Platte and Sacramento. Her soil is of great richness and strength, and with irrigation, inexhaustible. Her climate is, in the principal valleys, such as contain 60 per cent. of her population, equable, healthy and agreeable. Fruits of all kinds, grains and vegetables are grown in perfection, and many of our products have already acquired almost a national reputation.

In pasturage Utah must have 8,000 to 10,000 square miles, exclusive of mountain rocks and deserts, where the varying altitude, giving a varying temperature and food as the seasons vary, and other advantages (inclusive of 12,000 to 15,000 small farmers to keep up the supply of graded stock cattle) place her in the first rank, on the whole, as a stock growing region. The cost of a four-year-old steer anywhere in Salt Lake Valley or southward is not above \$6 or \$7. We have probably 1,250,000 sheep, shearing six-pound fleeces on the average.

There are two classes of people whom I would urgently invite to come to Utah. They are:

First—Miners of skill and experience, inclusive of prospectors, who have or can command money to chance in the business. I know every mining district in Utah where mining is now prosecuted, and I believe in these districts the mining output might be at least doubled; while of the new mining districts in the mountain ranges between Salt Lake and Carson no one as yet dreams of the possibilities. The reduction of ores in this valley has had and still has difficulties to contend with. First, is cost of coke brought in from Colorado. Recently a fine field of coking coal has been found within 150 miles of this city on the Rio Grande Western Railway. Second, is a lack of iron for fluxing purposes, which contains valuable metals to pay back the cost of purchase and of reduction. This is being overcome by the roasting and use for flux of pyritous lead-silver ores. Third, is the relatively high rate of transportation, which will be remedied by more railroads bidding against each other for business. The metallurgical works of this continent, par excellence, may some day well be within cannon shot of Salt Lake City.

Second—The thrifty farmer with sufficient means to buy a farm. Improved land ranges in value from \$10 to \$200 an acre, averaging \$35. It has to be irrigated, but in return there is no fear of failure of crops; no rain to rust or lodge or sprout your wheat; the land strengthened and enriched by deposits from the irrigating waters; and in crop stimulated under burning sun to the utmost; the cost at the outside \$3.50 an acre. There are places in southern Utah and Nevada where the best that has been done in Southern California may be duplicated if not exceeded.

Third—Men of fixed and sufficient incomes to allow of their living where they please, and these I would invite to Utah, and especially to Salt Lake City, for the sake of the climate and the sanitary advantages of residence. We have men who have tried Florida and Los Angeles and all other climatic resorts, but who finally located here and give Salt Lake climate the preference over them all.

Fourth—The tourist on the hunt for new scenes. He will here find a miniature Asia, the mountains of Lebanon, the river Jordan, the Dead Sea, and a people 3,000 years behind the times, but at last waked up and scrambling along pretty fast to catch up with the procession. The noblest mountain view in America is that of the Wasatch, from the window of any two-story house in the city. There are thermal springs visited half hourly by the street-cars, and hot springs and iron springs, as restorative and remedial in many ills as the Arkansas springs or any of the famous spas of Europe. There is the great Salt Lake, which it lukewarm for three months in the year, and floats one as if he were a cork. A swim in its waters is a delightful and tonic exercise never to be forgotten. There are the mountain canyons and lakes full of game fish, 10,000 feet above sea; all the streams interlocking near their sources, opening out into inhabited valleys. One can drive from one to another in the mountains, never out of reach of fresh food, meat, eggs, milk, and butter. There is no rain in the camping season, no dew, no wind.

Fifth—Young men, full of life and vigor, who know how to work; who, if they can't find a place to clerk, will break stone; men who will face the world and the future with brave but light hearts; who burn their ships or blow up their bridges behind them, cast in their lot for good or ill with the land of their adoption, and who never look back. For such this region holds a host of opportunities where the popular east holds one. They are men who don't write out here before they start and ask a hundred silly questions, but go and see for themselves, confident that where other men live and thrive they can do so.

All our booms are still in the future.

Let 25x125 feet ten miles out from the post office do not sell for \$1.00 at Denver. And may they never do so. I am not in illing or working for a town. I want men to come here for business, not for speculation. And I can conscientiously commend Utah to all those who, as the veritable quinox approaches, feel the migratory instinct stir within them as the sap does in the apple trees.

O. J. HOLLISTER.

Rheumatism

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of Rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at A. C. Smith & Co.'s Drug Store.

A Visitor.

Mr. J. Q. Pattee, of Spokane Falls, Washington Territory, is in Salt Lake City on a visit to Mr. J. F. Grant, manager of the Co-op. Wagon & Machine Company. Mr. Pattee and Mr. Grant are old time partners, having been in business together in Frisco, of this Territory. Mr. Pattee has been to California for his health and cut his stay there short that he might come to Salt Lake and visit for a time with his old friend and partner, Mr. Grant. When he leaves here he goes direct to Spokane Falls. It is needless to state that he is in good hands.
